Forecast For East of England
Issued by Met Office Exeter
at 0400 on Friday 28 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Generally dry and warm throughout. Coastal fog developing.

Today:
A dry but rather cloudy start, especially toward the west. Becoming brighter in the afternoon, with some sunny spells and perhaps the odd shower. Feeling warm, with light winds. Maximum temperature 21 deg C (70 deg F).

Tonight:
Dry with variable amounts of cloud but some clear spells at times, particularly in the east. Becoming chilly by dawn, with a chance of mist or shallow fog in places. Minimum temperature 6 deg C (43 deg F).

Saturday:
Rather cloudy at first but some sunshine in the east, becoming predominant later. Warm. Cloudy near the coast during the evening. Maximum temperature 22 deg C (72 deg F).

Outlook for Sunday to Tuesday:
Dry and warm through this period but cooler along the coast, with areas of low cloud and fog moving inland overnight before receding towards the sea during the mornings.
